Description

This 2024 Citroen C5 Aircross BlueHDI MAX is a well-maintained vehicle that has had only one owner from new. As a Citroen manufacturer approved car, it comes with the peace of mind of a 12-month warranty and an MOT valid until February 2027. The vehicle has covered a very low mileage of 13,265 miles and benefits from a full dealership service history, with its most recent service completed on 2 December 2025 at 11,206 miles. Designed for practicality and efficiency, this model features a 1.5L diesel engine that achieves 54 mpg and produces low CO2 emissions, meeting Euro 6 standards. The interior is finished with an Urban Black ambience and includes a 10-inch touchscreen user interface with Bluetooth connectivity. Daily use is made easier with keyless entry and start, alongside a motorised electric tailgate with hands-free access. Parking is simplified by the City Camera Pack, which provides front and rear sensors as well

as a rear camera, while the large boot space ensures plenty of room for luggage and equipment.
