Description

This 2022 Peugeot E-2008 GT is a fully electric vehicle that offers a practical solution for modern driving. As a Peugeot manufacturer approved model, it provides peace of mind regarding its condition and history. With a recorded mileage of 27,835 miles, this example has covered a low distance for its age. The vehicle is powered by a 50 kWh battery, which provides a maximum range of 214 miles when new. Charging is straightforward, taking 7 hours and 30 minutes for a full charge at home using a 7kW charger, or as little as 30 minutes to reach an 80 percent charge at a rapid public charging point. The GT trim level includes a comprehensive suite of technology designed to assist the driver and enhance convenience. Safety is supported by a Blind Spot Monitoring System, which includes Blind Spot Assistance, while the Visibility Pack adds automatic headlights to the vehicle. Manoeuvring is made easier with front and rear parking sensors that provide assistance at both ends of the car. For connectivity, the Mirror Screen system integrates Apple CarPlay, Android Auto, and MirrorLink, allowing for seamless smartphone use. Visibility is further improved by full LED headlights that feature Smartbeam Assist, ensuring the road ahead is well illuminated in various conditions.
