Description

This 2025 Peugeot 2008 GT is a well-maintained vehicle that has had only one owner from new. As a Peugeot manufacturer approved car, it comes with the peace of mind of a 12-month warranty and a full service history, with the most recent service completed on 20 July 2026 at 13,741 miles. The vehicle is fully roadworthy with an MOT valid until May 2028, ensuring it is ready for the road. Under the bonnet, the 1.2L petrol hybrid engine meets Euro 6 emission standards and is notable for its low CO2 emissions, offering a balance of efficiency and performance with an acceleration of 0-62mph in 8.3 seconds. The GT trim is well-equipped with technology designed to assist the driver, including rear parking sensors with parking assistance and speed limit recognition that works alongside the head-up display. Comfort and convenience are prioritised through the inclusion of automatic air conditioning with pollen and carbon active filters, while the visibility pack adds automatic headlights. Connectivity is straightforward thanks to the wireless mirror screen, which supports both Apple CarPlay and Android Auto.
