Description

The 2026 Suzuki S-Cross Ultra is a practical and efficient vehicle designed for modern driving needs. This model features a 1.4 litre petrol hybrid engine, which meets Euro 6 emission standards, balancing performance with environmental considerations. As the Ultra trim, this vehicle offers a comprehensive specification package that focuses on reliability and ease of use for daily journeys. This vehicle is equipped with a range of technology designed to improve comfort and safety on the road. Drivers benefit from adaptive cruise control, which helps maintain a steady speed, and dual zone automatic air conditioning to keep the cabin temperature comfortable for all passengers. Parking is made simpler with the 360 degree camera system, providing a clear view of the surroundings, while the LED headlamps for both low and high beam ensure visibility in various conditions. Connectivity is straightforward thanks to the audio unit with integrated Bluetooth, allowing for seamless pairing with mobile devices.
