Description

This 2026 Skoda Karoq TSI SE L Edition is a nearly new vehicle with only 10 miles on the clock. As a Skoda manufacturer approved car, it comes with the peace of mind of a full dealership service history and 34 months of remaining warranty. This vehicle has had only one owner from new, ensuring it remains in excellent condition. The Karoq is designed for practicality and efficiency, featuring a 1.0 litre petrol engine that achieves 47 mpg and benefits from low CO2 emissions, meeting Euro 6 standards. Drivers will appreciate the convenience of adaptive cruise control and dual zone climate control, while the inclusion of front and rear parking sensors with parking assistance makes manoeuvring simple. The interior is equipped with modern technology, including wireless smartphone charging and bright LED headlights, all complemented by a large boot space that provides plenty of room for luggage and daily essentials.
