Description

This 2026 Skoda Kamiq TSI Monte Carlo Edition is a well-maintained vehicle that has had only one owner from new. With a very low mileage of just 1,399 miles, it comes with a full dealership service history and is Skoda manufacturer approved, offering peace of mind regarding its condition and maintenance. The vehicle is powered by a 1.5-litre petrol engine that meets Euro 6 emission standards, balancing performance with efficiency. It achieves a fuel economy of 49 mpg and features low CO2 emissions, while also offering a capable drive with an acceleration of 0-60mph in 8.0 seconds. Practicality is enhanced by the inclusion of several packages, such as the Convenience Package which provides keyless entry and front parking sensors, and the Light and View Package Plus which includes LED headlights. Comfort is prioritised with the Winter Pack, featuring heated front seats, and parking is made easier with the rear view camera and parking assistance system.
