Description

This 2026 CUPRA Formentor eTSI V2 represents a modern choice for drivers seeking a blend of efficiency and performance. Powered by a 1.5 litre petrol hybrid engine that meets Euro 6 emission standards, this vehicle has been maintained in excellent condition with only 101 miles on the clock. It has had just one owner from new, ensuring a straightforward history for its next driver. The driving experience is enhanced by a range of thoughtful features designed for comfort and convenience. The interior includes heated front seats and a heated supersports multifunction leather steering wheel, which comes equipped with satellite buttons and gearshift paddles for greater control. Passengers benefit from three zone climate control, complete with a dedicated control panel in the rear, while the driver enjoys the ease of Kessy keyless entry and start with safelock. Practicality is further supported by a wireless phone charger, and the vehicle offers capable performance with an acceleration of 0 to 60 mph in 8.4 seconds.
