Description

This 2025 Volkswagen Golf TSI R-Line is a well-maintained example of this popular hatchback, having had only one owner from new. With a very low mileage of just 3,702 miles, the vehicle comes with a full dealership service history, ensuring it has been cared for to the highest standards. As a Volkswagen manufacturer approved vehicle, it offers additional peace of mind, supported by a 24-month warranty. To ensure it is ready for the road, a 12-month MOT will be provided upon purchase. The vehicle is powered by an efficient 1.5-litre petrol engine that meets Euro 6 emission standards, resulting in low CO2 emissions. Performance is responsive, with the car capable of accelerating from 0 to 60mph in 8.0 seconds. Practicality is a key strength, as the design offers a large boot space suitable for everyday needs. Technology is integrated throughout, featuring adaptive cruise control for easier motorway driving and a rear-view camera to assist with parking. Visibility is enhanced by LED headlamps with automatic control, including daytime running lights and a coming home-leaving home feature. Inside, the cabin includes a mobile phone interface with wireless inductive charging, keeping devices powered without the need for cables.
